

Birdshot Chorioretinopathy Patient Day

You are cordially invited to a Birdshot Patient Day organised by The Birdshot Uveitis Society on Saturday 11th September 2010 from 10.00 to 16.45. It will be held at the UCL Roberts Buildings, Torrington Place, London WC1E 7JE.

The Day is a unique opportunity for people with a Birdshot diagnosis and leading specialists, nursing staff and trainees, to meet, share experiences and learn from one another. We would like as many people with Birdshot to be able to come and share their experiences. We hope it will be an enjoyable and rewarding day.

You will be able to:

- meet the experts
- find out more about new treatments and research
- take part in smaller breakout groups discussing issues affecting you
- help shape the future for people with Birdshot
- have the chance to get questions answered
- talk to health professionals
- meet others with the same rare eye condition

We also want to hear about your ideas for the day, so that they can be included. We would welcome a list of questions you want answered. If you would like to share your Birdshot story, please tell us so that we can try to include it.

For more information do look on our website: www.birdshot.org.uk. We look forward to hearing from you and hope to meet lots of you soon.

BIRDSHOT CHORIORETINOPATHY

led arranged by **BUS and Moorfields staff**
with invited leading experts

Birdshot Patient Day

SATURDAY 11th SEPTEMBER 2010

SPONSORED BY: **NHS**
National Institute for
Health Research

FROM 10.00 - 16.45
and by a UCL Beacon Bursary

Information about the Day

The Agenda for Birdshot Patient Day 2010 will appear on our website as soon as it is finalised. Apart from Miss Narciss Okhravi, Mr Carlos Pavesio and Mr Mark Westcott from Moorfields we will be involving a number of other leading specialists from around the UK.

The venue for the Patient Day will be: The Roberts Buildings, Torrington Place London WC1E 7JE, near Warren Street tube. This is a very attractive venue which is being provided to us free of charge by UCL.

Information and tickets for the Birdshot Patient Day available from Birdshot@live.co.uk or by post. Tickets need to be booked in advance. BUS, PO Box 64996, London SW20 2BL

Please book your ticket as soon as possible. To establish numbers a small reimbursable reservation fee of £20 is required to help us do this. If you are unemployed we will waive the deposit as we do not want people to be prevented from coming due to financial constraint. Cheques should be made payable to: Uveitis Information Group, or you may pay via the paypal link on the website.

We would like to thank Moorfields Eye Hospital staff for making this patient day a reality. We are also very grateful to the following for their financial assistance and support: A Beacon Bursary and provision of the venue from the UCL Public Engagements Unit; funding from the NIHR Biomedical Research Centre for Ophthalmology, at Moorfields Eye Hospital and the UCL Institute of Ophthalmology.

I would like a ticket to attend the Birdshot Day. I enclose a refundable £20 deposit which will be refunded on the day of the conference. You must attend to get a refund.
