

Is your eyesight letting you down?

Here's an event you can't miss

sight village

As we get older we may need more help with our eyesight than our optician can provide.

If this sounds familiar, you need to visit **SIGHT VILLAGE**, an exhibition of the latest products and services for people experiencing failing eye sight.

SIGHT VILLAGE exhibitors have all the products, services, technology and support you'll need to see, read and work more easily - and every event is completely free to visit!

For more information visit:
